

# Dana Hart

VP of Engineering

Northwestern Mutual

Dana Hart is a VP of Engineering at Northwestern Mutual responsible for an internal digital experience platform. With more than a decade of web development experience, she is currently part of a forward-thinking team helping to shape the company's digital future. Dana is a frequent hackathon participant and tech community advocate, staying at the forefront of technologies that cause digital disruption. Dana has been a founding member of Women in Tech groups; in college and at Northwestern Mutual. Her passion and deep beliefs in building communities for women have helped her bring others together to make these groups successful, and their members. Dana holds a B.S. degree in Computer Science from University of Wisconsin – Eau Claire.
